CHICAGO CARBURETOR – WHEN ONLY THE BEST WILL DO

6000 carburetors of all types in stock - carburetors bought sold and traded.

REBUILD AND RESTORATION PROCESSES INCLUDE:

- Verification of application of carburetor and date code.
- Disassembly and Cleaning.
- Review for Damaged or incorrect parts.
- Replacement of damaged or incorrect parts (possible extra charge.)
- Die cast parts: main body and choke base are dipped in caustic soda and recolored with chromic acid solution to seal parts surfaces. This gives the golden/green finish that seals the casting and prevents oxidation.
- Resurfacing of machined surfaces to prevent vacuum leaks caused by heat distortion (as required.)
- Jets and metering rods examined to ensure correctness.
- Choke cover restored, choke base restored / re-colored & piston passage re-machined.
- Base plate finished restored to original color. Throttle shaft bores examined and rebushed to prevent leakage if necessary.
- Fuel inlet area is examined for damaged threads. Area repaired as required (additional \$35.) Prior approval from customer is required before service is rendered.
- Aluminum base and lid reconditioned to like-new brilliance.
- Steel Parts deoxidized and re-plated with original bright finish.
- Fillister screws replaced.
- Carburetor is flow tested to ensure reliable trouble-free performance.
- Restoration cost ranges from \$174.95 to \$494.95 depending on make, model, and number of barrels.
- Rebuild process is 3-4 weeks.
- 1 year warranty.
- Basic rebuilds also available. Please inquire.
- Questions! Please call us at +1(708)458-2500

When shipping us a carburetor please COMPLETELY fill out the form below and send it with your carburetor.

To request carburetor service please give us a call at +1(708)458-2500. We will assign you a carburetor work order number and supply you with the address to ship too.
